- 1.2 Where possible, school matters will be dealt with confidentially with the circle of knowledge kept to only those who need to know about the matter in hand.
- 1.3 However, the School has a duty of care to the child and in certain circumstances, such as matters relating to child protection or to illegal activities, no member of staff can guarantee to keep information confidential.
- 1.4 In some instances the School will be legally bound (where absolutely necessary), to share information with external agencies such as Social Services, The School Nursing Team, Lincolnshire Health Team, the Police or child protection agencies.
