Projected GCSE Grade Bands

We monitor pupil attainment in Year 7 using 'Projected GCSE Grade Bands'. This gives pupils a chance to get used to the GCSE grading system that we use from Year 9 onwards. Your child's grade band in any given subject represents the teacher's view of how the pupil's current work, homework, effort and attitude to learning are most likely to translate into a GCSE grade. As pupils are still at a very early stage of their learning, it is too soon to award a specific 9-1 grade. Therefore, we feel that the bands are a more useful indicator at this stage. Please be assured that all departments routinely track and monitor the progress and attainment of all pupils, and help and support are provided accordingly.

Year 7 Spring Grade Bands: 4-6 7-9

As a point of reference, Band 4-6 equates to grades C and B under the old GCSE system, whilst 7-9 covers grades A/A*. Please see the Assessment & Reporting section of our website for full details.
