

Peter Gorton – Chair of Governors

Until my retirement in August 2007, I was Assistant Headteacher at Spalding Grammar School, having taught there as Head of Chemistry and Head of Science for thirty years. I am at present Chair of Governors at Spalding High School, having been Vice-chair for a number of years. I have served as a Governor at Spalding St. John's Church of England Primary School for the last twenty years and have served as both Chair and Vice-chair. I am married to Jill who was also a Science teacher, we have two grown up children: David is a professional musician, living at St Neots and is married with a daughter; and Michael who is a documents controller and lives in West London. I am a licensed lay minister at St. Mary and St. Nicholas Parish Church in Spalding.

Anita Toal – Vice-chair

I have been a Governor at the High School for many years, initially as a Parent Governor and now as a Co-opted Governor. I also served for fifteen years as a Governor of a local Primary School. I am a Solicitor and the Managing Partner of Maples Solicitors LLP in Spalding where I have worked since 1989 specialising in Family Law and Criminal Litigation. I am married with two children and my daughter attended Spalding High School. My outside interests include a love of literature and drama and as the children were growing up in my spare time, I studied for my second degree, a BA in Humanities with Literature so I have a keen interest in the work of our English and Drama departments.

Michele Anderson – Headmistress

Teaching is a privilege and an inspirational and satisfying career. It is a job that I have thoroughly enjoyed since qualifying in the late 1980's. I have taught in four very different schools across Inner London (comprehensive), Kent (non-selective and then boys' grammar) and now Lincolnshire (girls' grammar). I was appointed to the Headship at the High School in April 2014 and moved here with my husband and daughter (who attends the High School). I still count myself as a classroom teacher and love my time in the classroom but I also believe that headship is the best job in the world and at the best school! The students are positive, vibrant and engaged in everything they do and are supported by a committed parent body. Our Governors, support staff and teachers are experienced and enthusiastic professionals who are passionate in their belief in, and support of, our students and each other. The esprit de corps is what makes this school so special.

Phil Barks – Parent Governor

I am married to Sarah and father to one daughter who is in Year 9 at the High School. I am a senior Project Manager for a construction company during the day but Spalding High School and my daughter's education are such an important part of our lives I'd like to support and offer my skills where applicable to Spalding High School and to support the Governing Body. I am used to dealing with people from all walks of life, am skilled in building management, HR, and finance/budgeting. I have in the past been a secretary for the PTA at my daughter's Primary School and I welcome the opportunity to develop my knowledge further. Like every parent, I want the best for my child – their time at school is crucial if they are to realise their potential and develop key social and life skills.

Whilst all Governors will have the best interests of the children in mind, I believe that it is vital that a Parent Governor is down to earth and approachable.
