### **How does the platform work?**

The platform uses Zoom webinar technology to live stream our sessions. Students can access the sessions via their computer or phone browser (no need for a Zoom account). If required, they can also call in on their phones and hear the session. Cameras and audio are disabled for all webinar attendees, but students will be encouraged to ask questions via the Q&A or interactive polls. Students can access the streams from home individually or in the classroom.

You are welcome to join any session, and as many as you want, so it would be great to see you there.

If you have any questions about the webinar programme, or around the LiNCHigher programme, please do not hesitate to contact us at [linchigher@bishopg.ac.uk](mailto:linchigher@bishopg.ac.uk).

I hope to see some of you in the webinars!
