Hazard: Transmission of infection / Breaching of social distancing bubble

Control measures to reduce the risk:

Sixth Form students will not have access to the Sixth Form Common Room during the school day. Non-contact lessons will either be allocated as supervised study (Y13 in the supervised study room / Library and Y12 in classrooms) or “Free” study which will be spent in the hall or at a spare computer in the study room.

In non-contact periods, sixth form should attend either their supervised study session or (a) hall if it is a “free” study and they do not need a computer or (b) study room/library if they need a computer. Once the study room and library computers are all occupied, students should return to the hall.

When entering any learning space, students must use hand sanitiser.

When using computers students must use an antibacterial wipe on the mouse and key board BEFORE switching it on. Wipes should be disposed of in the small GREEN bin.

Sixth form toilets are to be used by students. Sixth form should not use toilets in other year group zones. Staff must stress good hand hygiene.

Supervising staff MUST follow the **Computer, Phones and general equipment Risk Assessment** between users of the staff computer.

Afternoon home study will be established for Year 13 early in T1.
